L&T Valves Service Centre JAMNAGAR, GUJARAT

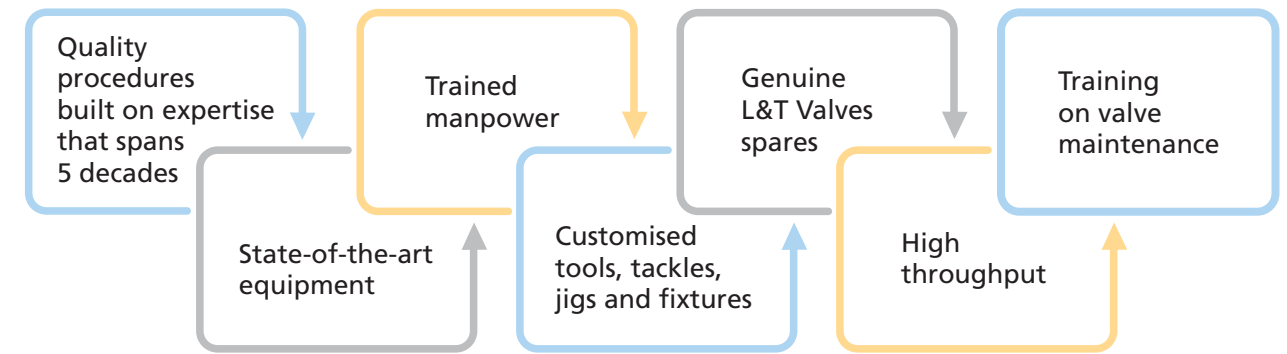

The valves you buy from us are our responsibility. Throughout their service life, you can rely on us to keep the valves in peak performance. We go beyond industry standards to enhance the safety and performance of your valve installation.

 **L&T Valves**

L&T Valves is a wholly-owned subsidiary of Larsen & Toubro – a leading technology, engineering, construction, manufacturing and financial services conglomerate with global operations. Our heritage of over 50 years makes us a leader in engineered flow-control solutions for the global energy sector.

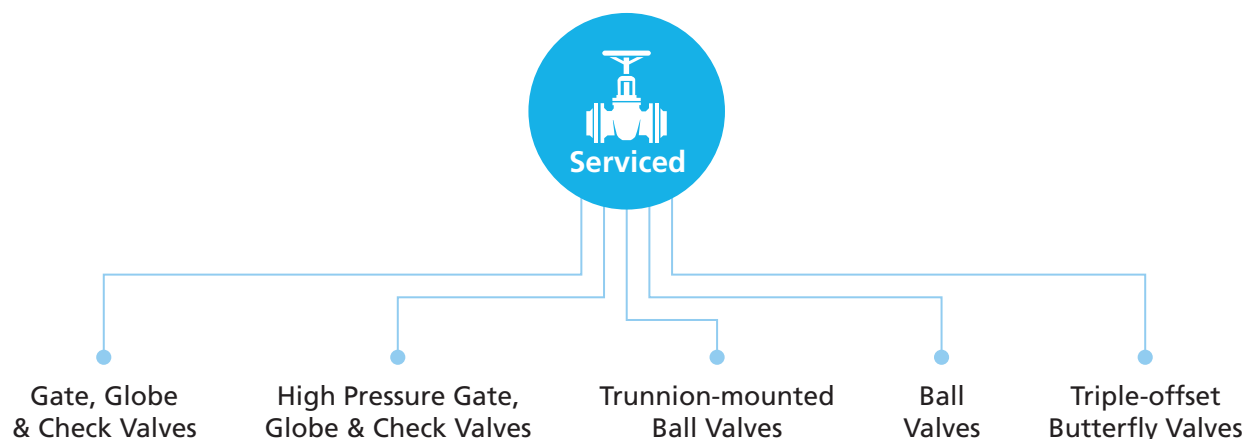

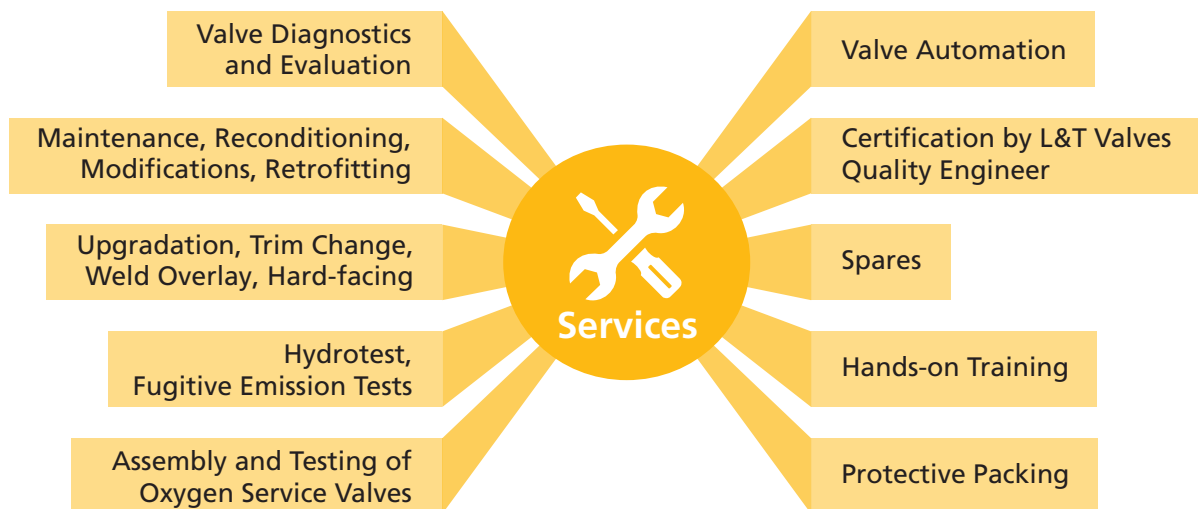

The L&T Valves Advantage

Going beyond

L&T Valves has set up India's first Valves Service Centre at Jamnagar. This modern facility will enhance the lifespan and reliability of your valves, as well as reduce the total cost of the ownership. The centre offers a variety of services – all undertaken by trained personnel.

Our services extend from commissioning through preventive maintenance and repair. A speciality is prompt emergency response. We help you to monitor and maintain the performance of your valves, maximizing productivity and value.

In-house Facilities

- Lathes, including vertical turret lathes
- Radial drilling machines
- Lapping machines
- Welding machines
- Non-compression test stands
- Degreasing and painting facility
- Handling and storage facilities

Special Facilities

- 10k Clean Room for assembling and testing valves for oxygen service
- Fugitive emission test facility
