Aftermarket@Lntvalves.com

L&T Valves is a wholly-owned subsidiary of Larsen & Toubro, a leading engineering, construction, manufacturing and services conglomerate. The company, trusted by the industry for over five decades, offers innovative solutions and services that establish new benchmarks in plant performance and customer satisfaction.

L&T Valves Aftermarket

L&T Valves Aftermarket offers solutions that enhance the safety, reliability and performance of valves installed in your facilities - throughout their service life. We leverage valve manufacturing expertise of over five decades as well as field experience gained across geographies, industries and processes to maximise value.

Higher productivity, lower Total Cost of Ownership and Peace of Mind – that’s the L&T Valves Aftermarket promise.

Start

We believe, well begun is half done. We offer all on-site services required for a perfect project start up. In our experience, incorrect storage, handling and installation of valves account for over 50% of the issues reported during operation.
